Thompson, W K

December 1914
(72)

Case settled Friday night
has been written to.

572

Y.M.C.A. Ottawa,
14th December, 1914.

R.A. Falconer L.L.D., D.Litt.,
President, University of Toronto,
Toronto, Ontario.

Dear Sir:-

I beg to call your attention to a matter of business between myself and the Registrar of the University which I feel has been unduly delayed.

The subject I refer to is the question of my admission to a Ph.D. course in Geology at this University. I am a graduate of the School of Science in Mining Engineering (1913) holding the degree of B.A.Sc. On October 19th the matter was laid before Mr. Brebner in a letter giving a complete statement of my academic standing and a general description of my earlier education. On Nov. 24th, I received a letter stating that my case had been referred to the staff in Geology and Mineralogy. Up to the present I have heard nothing further concerning the matter.

I do not wish to complain or exhibit undue impatience but I have to hold up an important matter until I hear from registrar and the delay has placed my affairs in a critical condition.

I would esteem it a great favor if you would intervene on my behalf so that I may secure an answer with as little delay as possible.

Yours respectfully,

D M Thompson

December 16th, 1914

M. K. Thompson, Esq.,

Y.M.C.A., Ottawa.

Dear Mr. Thompson:

The Registrar informs me that your case was settled at a Committee last week and reported to the Senate on Friday night, and that he had already written to you with regard to it. I hope that this is satisfactory.

Yours sincerely,

President.
